A Very Enthusiastic Anti-Mormon Meeting at Salt Lake City.

SALT LAKE, July 29.

There was a rousing anti-mormon meeting last night in the street in front of the Tribune office. There was no interruption for the first time on such an occasion as an out-door political demonstration. The mormon police were on hand to preserve order. Bands of music, torch light and transparencies, etc. Great enthusiasm, speaking by leading citizens, liberal mormons and gentiles.

NEW YORK, July 29.

The latest news concerning the disaster to the Pacific mail steam ship Gautela, gives but little hope of saving the vessel, although a portion of her cargo has been saved. A rumor prevails in certain circles here and Brooklyn that Beecher intends resigning, this, however, is emphatically denied by his friends.

SELMA, Ala., July 29.

A shooting affair occurred here yesterday afternoon on Broad street between Horace R. Hood Porter of the Republican and E. A. Barker, editor of the Independent. The difficulty is supposed to have grown out of a dispute over the publication of a letter from Barker to Porter, in which Barker was charged with having been in the city of Selma, Ala., on the night of the shooting of Porter. Several shots were fired, but no one was hurt. The parties were arrested and gave bonds for their appearance.

PITTSBURGH, July 28.

No trustworthy statement of the loss of life or damages to property by the storm of Sunday has been made from the confused and conflicting reports received up to this time. About 116 bodies have been recovered, and the loss is estimated at over a hundred more persons are missing. Reporters who have traveled over the districts devastated by the storm say that the loss of life and property was not so great as the number with confidence at 219. There is absolutely no means of estimating the damage to property destroyed, but rough estimates place it at \$500,000.

WASHINGTON, July 29.

A rumor gained circulation on the streets of St. Paul, Minn., of Chicago, had just been reported by the treasury secretary service, Vice Colonel Whiteley. On inquiry, however, at the proper office, it was ascertained that no such rumor had been made at any very early date.

NEW YORK, July 29.

K. G. Watson, who is accused of forging the signature of the assistant United States treasurer to a one thousand dollar bond, was yesterday examined by commissioner Osborne. The prisoner is a fine looking man with flowing black hair, and a mustache. He was taken to the commissioner's office and there subjected to the searching gaze of Captain Lee, of the San Francisco detective corps. The captain recognized him as an old Californian, but says there is nothing against him.

LOUIS, Mo., July 29.

Louis M. Vanetten, a noted forger, whose arrest for a forged committed in California in 1870 was announced yesterday, is now on his way to San Francisco, where he will be taken to the San Francisco prison.

WASHINGTON, July 29.

The negotiations for the balance of the five per cent. funded loan, were concluded by the Secretary of the Treasury on behalf of August Belmont & Co. and Messrs. W. Seligman & Co. on behalf of themselves and associates. These parties made an absolute subscription for \$45,000,000, coupled with the option of taking the remainder of the loan at any time within six months. The loan is taken at par to be paid for in cash or 30 days' notes, the latter to be at the option of the subscribers. One quarter of one per cent. commission, and to defray all expenses of the transaction, including the interest of 30 days' notes. From the well known reputation of these bankers there is no doubt that the Treasury Department will concede to them the entire loan.

NEW YORK, July 29.

The Beecher scandal still largely absorbs the attention of the New York and Brooklyn press. Some papers think public interest in the affair has passed the crisis, and many conflicting statements are made regarding the plans of the principal parties concerned. It is said that Mr. Tilton is anxious to appear before the committee and repeat his denial of guilt. It is related that when he read Mrs. Tilton's statement she immediately denounced it as entirely false.

NEW YORK, July 29.

The general opinion is that Tilton's case is now closed, unless Frank Moulton, who is now in residence, Narragansett, R. I., appears before the committee and makes a statement. Little is to be learned of the plans of the committee, but the Brooklyn News, speaking authoritatively, says the committee will invite Moulton to appear before Beecher, whose statement will be reserved till the last.

A number of ladies will be called to testify, and Mrs. Tilton, and possibly her husband, will be recalled for examination.

The Eagle says that Moulton has been summoned to appear to-day, and bring all papers he has in connection with the scandal.

MONTEAL, July 29.

The eastern train leaving Montreal at 10 o'clock last night run into a freight train near Saxeau, and was badly telescoped. The two engines, the Pullman car and the brake van were considerably smashed. The conductor and several other persons were injured, but no one was killed.

WILKESBARRE, Pa., July 29.

This morning Alfred Green, superintendent of the coal mines at Jermyne, was inspecting the mine, previous to the descent of workmen, he was assaulted by three men with pistols. Three shots were fired at him, two taking effect. The miners came to his relief, shot one of the ruffians dead and wounded another, who, however, escaped.

QUEBEC, July 29.

A large fire is raging on the river at Port Lewis, within a short distance of the ferry landing. The postoffice and adjoining buildings are in flames. The Mayor of this city has ordered the Quebec fire brigade with their steam engines to the scene of the conflagration.

COATESVILLE, July 29.

The gas used by a shoe factory here was found to be escaping last night, and men attempted to enter the cellar with a lighted lamp when an explosion took place, blowing one end of the building out and seriously injuring two men and two boys.

BROOKLYN, July 29.

Tilton and Gaynor were both in court early this morning, but it was nearly noon before the case was called. It was proposed to have a private examination, but Gaynor objected and demanded a public hearing. After some discussion, without any developments, the case was adjourned to Monday. The court room was crowded.

WASHINGTON, July 29.

General Sherman returned from Virginia Springs to-day. The secretary of the treasury will not issue a call for five-twenty-five until August 1st.

Half a million of national bank notes were received at the treasury to-day for redemption.

BOSTON, July 29.

William G. Gaynor, who has prosecuted Theodore Tilton, for libel against Beecher, was formerly in the employ of Merchant's bureau of Africa, as one of the attorneys. He has been admitted to the bar at another collecting firm at 22 School street, Boston. He is said to be a mere cat's paw, who belongs to certain of Beecher's admirers, and is supposed to be the author of the opinion in this city, is that the arrest of Tilton is the work of Butler.

WASHINGTON, July 29.

Late advices from Georgia represent the corn crop prospects and more favorable than for many years.

THE COMMISSIONER OF INDIAN AFFAIRS, July 29.

States that it is his belief that the recent war of demonstrations and crimes committed in the Indian territory, is the result of the absence of a system, and the want of laws to regulate the Indians, and white settlers amenable to them. At present the territory is a refuge for criminals. Congress at its next session should take action on this subject, and not leave it to its last session, that is, to provide law and government for territories.
